Student Name: _____

Below are potential LGA's course offerings for the 2012-2013 school year. We are looking for your input in what classes LGA should offer. Below in **BOLD** are the courses that are required and are already included in your schedule.

Required Courses

SEMESTER 1		SEMESTER 2	
MATH		MATH	
LANGUAGE ARTS 12		LANGUAGE ARTS 12	
AMERICAN GOVERNMENT		ECONOMICS	
SCIENCE		SCIENCE	
TRANSITIONS		TRANSITIONS	

Elective Courses

***Consult the course descriptions to help with your decision.**

PART 1: You have the opportunity to select six elective courses next year. 12th grade students also have the option of selecting their science course. LGA requires three science credits for graduation, so if you have earned Science credit during 9th-11th grades and would like to opt out of taking Science as a senior, leave that space blank. Circle your preferred choice:

SCIENCE ELECTIVE - Circle One: Environmental Science Conceptual Physics

PART 2: Please rate your top **five elective** courses numbering them 1-5 in the table below. In case one of your top five choices is not offered, please choose **three alternative** classes and number them 6-8 (don't include the science or history elective chosen above, you can choose to take the other course offered as an elective). **Remember, this Pre-registration form does not guarantee that you will be placed in your top class choices or even that the class will be offered in the 2012-2013 school year.**
